

10 solar glass

Overview

Will import of solar glass attract customs duty from October?

Import of solar glass will attract 10% customs duty from October. Further, the list of exempted equipment for solar cell and panel production has been expanded.

Will India introduce a 10% customs duty on solar glass imports?

The Indian authorities will introduce a 10% customs duty on solar glass imports from October. The government has also expanded the list of exempted equipment for solar cell and panel production to support domestic manufacturing. Indian Finance Minister Nirmala Sitharaman presented the Union Budget 2024-25 in the Lok Sabha this week.

Are solar windows a good option?

While current solar windows are relatively clear, there's still room for improvement. Research is underway to develop even more transparent solar cells that are indistinguishable from regular glass. This would make solar windows an even more attractive option for those who prioritize aesthetics.

Are transparent solar windows a good idea?

The impact of transparent solar windows extends far beyond generating clean electricity. They have the power to transform our environment, turning every glass surface into a energy source. This could increase the energy efficiency of buildings, reduce urban heat island effects, and help cities meet their sustainability goals.
