

360W all black components

Overview

Detailed profile including pictures, certification details and manufacturer PDF.

Detailed profile including pictures, certification details and manufacturer PDF.

AIONRISE PV modules are manufactured only in-house at the own fully automated facilities with an integrated uncompromising multi-step quality check using the latest available technology. Compounded by the European bill of materials AIONRISE products deliver long-term higher output comparing to.

Rhineland, Rheinland which considerably expand tests of IEC 61215 / 61730 / 62716 / 61701 and UL 61730 with Regular Production Surveillance performed every six months. Extensive participation in the testing programs of the global independent certification authority ensures the high reliability.

These cutting-edge solar panels are designed to deliver exceptional performance and efficient energy generation for your residential or commercial projects. Enhanced Efficiency: With a power output of 360W, these solar panels offer impressive efficiency, maximizing the conversion of sunlight into.

MADE IN GEORGIA: AIONRISE PV modules are manufactured only in-house at the own fully automated facilities with an integrated uncompromising multi-step quality check using the latest available technology. COMMITMENTS: We provide linear 30 years performance guarantee and 12 years product warranty.

ENF Solar is a definitive directory of solar companies and products. Information is checked, categorised and connected. AIONRISE Solar Panel Series All Black AION66G1 360Wp. Detailed profile including pictures, certification details and manufacturer PDF .

connection. The perfect visual effect, together with high power performance with reduced hot spot and shading risks, make it ideal for commercial & factory type industrial accordingly. Photonomi & HONE have the right to make such modifications without further notice.
