

Accelerate the wind solar and energy storage industries

Accelerate the wind solar and energy storage industries

[2026 Renewable Energy Industry Outlook, Deloitte Insights](#)

In 2026, developers are likely to accelerate solar-plus-storage to serve hyperscaler demand, diversify revenue to manage volatility, and position early in long-duration and distributed ...

[Highlights of the global energy transition in 2025, Ember](#)

The rise of "electrotech" - solar, wind, batteries and electrified transport, heating and industry - became the dominant engine of global energy growth, led by China's ...

ESS

[2025 Energy Outlook: Trends in Solar, Wind, ...](#)

Explore what 2025 holds for clean energy--from solar and wind growth to storage innovations and grid modernization. Key insights ...

2025 Energy Outlook: Trends in Solar, Wind, Storage & Grid , FFI ...

Explore what 2025 holds for clean energy--from solar and wind growth to storage innovations and grid modernization. Key insights from FFI Solutions.

PV industry urges New York City to double solar target, add 2 ...

A US solar industry group has outlined a nine-point policy agenda calling on New York City's incoming mayor to accelerate rooftop solar and battery deployment to address grid ...

[**The Future of Energy Storage , MIT Energy Initiative**](#)

MITEI's three-year Future of Energy Storage study explored the role that energy storage can play in fighting climate change and in the global adoption of clean energy grids. Replacing fossil ...

[**Trump Slams the Brakes on US Wind and Solar Growth**](#)

BloombergNEF's revised outlook now projects a 23% drop in new wind, solar and energy storage additions through 2030 versus the 1H 2025 base case. Technologies fare ...

Why solar and storage will drive the clean energy transition

The shift to clean energy is gaining momentum. In 2023, 91% of new power capacity came from renewable sources such as wind and solar. In the first half of 2024, the ...

Renewable Energy Is Booming Despite Trump's Efforts to Slow It

With federal subsidies ending or becoming hard to claim, companies are racing ahead with solar, wind and battery projects. The Little Elk solar project in Elkton, Md., is ...

PV industry urges New York City to double solar target, add 2 GW of storage

A US solar industry group has outlined a nine-point policy agenda calling on New York City's incoming mayor to accelerate rooftop solar and battery deployment to address grid ...

Key enablers for the energy transition Solar and storage; ...

Under the Coalition's Towards 100% Renewable System Working Group, the group explores the entire energy system needs and end-use sectors decarbonisation from the policy, innovation, ...

[The AI race is shaking up America's power industry](#)
[: NPR](#)

The U.S. is forecast to add a lot less power from renewables than analysts previously expected. The potential slowdown comes as electricity demand is rising faster than ...

[Renewable Energy Is Booming Despite Trump's ...](#)

With federal subsidies ending or becoming hard to claim, companies are racing ahead with solar, wind and battery projects. The ...
