my VRM site is missing data. Battery SOC is displayed for the entire year, but all other graphs only display data from 24 June this year till today. Nothing has changed on the system. Why s the data missing?

Thanks I had the same problem in July 2022 and never got an answer. From the VRM Manual.

My System Data was showing as 134.91GB, more than half of the entire capacity of my 256GB iPhone. This meant that my storage was effectively full, which was stopping my iPhone from functioning correctly, with apps crashing or failing to work. System Data is a catch-all category for iPhone storage.

Read the manual thoroughly and understand all of the instructions, cautions, and warnings before using this equipment. If any section of the manual is not understood, contact your nearest authorized dealer, or contact Generac Customer Service at 1-888-436-3722 (1-888-GENERAC), or with any questions.
