

# Automatic Folding Container Type for Cement Plants

## Overview

---

OCTAPLANT ® is a fully developed concept for a modern, comparatively compact system for filling and loading cement. What is essentially new is the unprecedented level of risk reduction, time and cost optimization.

OCTAPLANT ® is a fully developed concept for a modern, comparatively compact system for filling and loading cement. What is essentially new is the unprecedented level of risk reduction, time and cost optimization.

CONSTMACH COMPACT 30 full automatic concrete batching plant is a specially designed concrete plant model which can be transported within only 1 unit tractor-trailer or 40 ft. OT container and that's why it is called as also CONTAINER TYPE concrete plant. COMPACT 30 is preferred especially in cases.

In response, we have developed an innovative and comparatively compact system for packing and loading cement into bags: the OCTAPLANT ®. Fast to market: you have a short period of time between your purchase decision and entry into the market. Transparent and reliable costs: reduce your risks.

Polygonmachine PCM Series Mobile and Portable Concrete Batching Plants are designed for flexible, fast, and efficient concrete production directly at job sites. With compact modular structures, integrated control systems, and quick installation features, the PCM Series ensures high-quality concrete.

The LPC stationary modular concrete batch plant provides for custom design along with lower shipping costs. This plant fits conveniently inside shipping containers. With a large selection of plants ranging from decumulative to accumulative and dry to wet batch, the LPC plant provides the options.

EP Containerized Concrete Batching Plant integrates the core components such as mixing mainframe, batching system and metering device in a standard container, which creates a new mode of mobile concrete production and forms a complete mobile production unit. This unique design not only retains the.

The Model 300 has replaced the Model 275 in the CEMCO plant lineup. The plant retains all the benefits of the previous models, but has been built with larger aggregate scales and functional improvements throughout with the focus on

improving reliability and productivity. Click each dropdown feature.
