

Boston s largest energy storage project settled

Overview

DENVER & BOSTON — Flatiron Energy announced it has successfully closed on \$540 million in financing commitments to construct and operate the Taft Project, which will become the largest battery energy storage system (BESS) in Massachusetts once completed in late 2026.

DENVER & BOSTON — Flatiron Energy announced it has successfully closed on \$540 million in financing commitments to construct and operate the Taft Project, which will become the largest battery energy storage system (BESS) in Massachusetts once completed in late 2026.

Jupiter Power is proposing to build and operate the Streamfield Energy Storage Facility (Streamfield) in Westfield, Massachusetts. Streamfield is a 200-megawatt utility-scale battery energy storage project that will connect to Eversource's existing Buck Pond substation on Medeiros Way. The facility.

Utility-scale battery storage developer Jupiter Power has unveiled plans to construct a 700MW standalone battery energy storage system (BESS) facility at the site of a former oil depot previously owned by ExxonMobil in Everett, Massachusetts. Plans for the project, dubbed the Trimount Energy.

CARVER, Mass., Sept. 10, 2025 /PRNewswire/ -- Plus Power announced it is now operating its Cranberry Point Energy Storage facility in Carver, Massachusetts, the largest utility-scale standalone battery energy storage system on New England's grid. The facility is a significant milestone in the.

DENVER & BOSTON — Flatiron Energy announced it has successfully closed on \$540 million in financing commitments to construct and operate the Taft Project, which will become the largest battery energy storage system (BESS) in Massachusetts once completed in late 2026. Located in Uxbridge.

DENVER & BOSTON — (BUSINESS WIRE) — Flatiron Energy (“Flatiron” or “the Company”) announced today that it has closed on approximately \$540 million of financing commitments from leading financial institutions to support the construction and operations of the Taft Project (“Taft”) in Uxbridge.
