

# Canberra Communications solar container battery

## Overview

---

Does Canberra have battery storage?

Battery storage for residential solar energy is becoming increasingly popular in Australia - including in Canberra, ACT. If you're a Canberra resident looking to install a battery storage system for your home, what are the main things that you need to consider?

What is the Big Canberra battery project?

The Big Canberra Battery project will deliver an ecosystem of batteries across the ACT to ensure that our electricity grid remains stable. The Big Canberra Battery project includes: The large-scale battery storage system in Williamsdale will deliver 250 megawatts (MW) of power, store renewable energy and support grid reliability.

Is Canberra a good place to install solar?

The ACT is one of the best regions to install solar, thanks to all the fantastic rebates the State Government has on offer. Read on to see what specials we have on offer, specifically designed for our Canberra customers. This 10.56kW solar power system paired with a 15kWh battery is great value without the high price tag.

Who are Canberra mobile batteries?

Canberra Mobile Batteries is a locally owned service that offers 24/7 emergency assistance. Not only are they fully equipped for jumpstarts, battery replacements, tyre change, lockouts, emergency fuel and wrong fuel recovery, but they are also fully insured, giving you financial peace of mind.
