

# Cost of Grid-Connected Energy Storage Containers in Middle Eastern Ports

## Overview

---

Middle East Utility-Scale Energy Storage Pricing Report 2025 - This report analyses the cost of utility-scale lithium-ion battery energy storage systems (BESS) within the Middle East utility-scale energy storage segment, providing a 10-year price forecast by both.

Middle East Utility-Scale Energy Storage Pricing Report 2025 - This report analyses the cost of utility-scale lithium-ion battery energy storage systems (BESS) within the Middle East utility-scale energy storage segment, providing a 10-year price forecast by both.

This report analyses the cost of utility-scale lithium-ion battery energy storage systems (BESS) within the Middle East utility-scale energy storage segment, providing a 10-year price forecast by both system and component. Lithium iron phosphate (LFP) batteries are the focus of the report.

This report analyses the cost of utility-scale lithium-ion battery energy storage systems (BESS) within the Middle East utility-scale energy storage segment, providing a 10-year price forecast by both system and component. Lithium iron phosphate (LFP) batteries are the focus of the report.

Valued at USD 2.03 billion in 2024, the market is projected to reach USD 10.51 billion by 2031, growing at a compound annual growth rate (CAGR) of 25.3% (Cognitive Market Research). This rapid expansion is driven by the region's increasing adoption of renewable energy and the need to balance supply.

The NEOM Green Hydrogen project, which aims to be powered by 100% renewables, is under construction and is already deploying a BESS 536 MW / 600 MWh facility supplied by Sungrow. Saudi Arabia is also developing several landmark tourist complexes, where multi-utility contracts encompassing wind, PV.

New installations are expected to reach 184.95 GWh in 2024, with 282.51 GWh forecasted for 2025, marking a year-on-year increase of 52.7%. In China, following the release of Document No. 136, the domestic bidding market has remained robust. According to data from the ICC Xinluo Energy Storage.

In a recent chat with pv magazine, Yasser Zaidan, senior sales manager for the

Middle East at JinkoSolar, described the trajectory of the large-scale storage business in the main markets of the Middle East. Saudi Arabia's large scale energy storage market is expected to developed at an.
