

# Dubai Mobility and Battery Storage

## Overview

---

Middle East Energy (MEE) 2025 opened today at the Dubai World Trade Centre (DWTC), placing a major spotlight on the future of energy storage and battery technology—a sector now at the heart of the global energy transition.

Middle East Energy (MEE) 2025 opened today at the Dubai World Trade Centre (DWTC), placing a major spotlight on the future of energy storage and battery technology—a sector now at the heart of the global energy transition.

More than 40,000 global energy professionals, including over 500 key buyers, are anticipated to visit DWTC before April 9 to discover innovations from more than 90 countries. (Photo Credit: Informa Markets) Middle East Energy (MEE) 2025 launched at the Dubai World Trade Centre (DWTC), showcasing.

The 49th edition of Middle East Energy (MEE) 2025 has officially opened its doors at the Dubai World Trade Centre (DWTC), placing energy storage and battery technologies at the forefront of global conversations on sustainability and the clean energy transition. This year's expo is the biggest and.

Dubai's energy transformation is accelerating with battery storage technology taking center stage at the 49th Middle East Energy 2025 exhibition. The event, scheduled for April 7-9 at Dubai World Trade Centre, will feature The Battery Show Middle East with participation from 500 top suppliers. This.

Middle East Energy, the region's leading energy event, is making a transformative move to drive sustainable transport in the Middle East and Africa by introducing a dedicated Battery and E-Mobility sector at the 49th edition of the show. This initiative will mark the debut of the internationally.

Cummins' BESS solutions are tailored for scalability and sustainability, making them ideal for the UAE's focus on renewable energy integration and reliable backup systems in critical facilities. Cummins leadership unveiling the zero emissions Battery Energy Storage System (BESS) in Dubai. Cummins.

Middle East Energy, the region's leading energy event, is making a transformative move to drive sustainable transport in the Middle East and Africa by introducing a dedicated Battery and E-Mobility sector at the 49th edition of the show. This

initiative will mark the debut of the internationally.
