If you have a quote for a solar installation in Canberra, visit our solar forum, and your quote can be reviewed by our team and community. Panels: 9.77 kW, 31 x 315W Jinko JKM315M-60 | Inverter: Enphase IQ7 250W Micro Inverters | Price: \$10899 net (after STCs) [\$1.1 per W].

What is a triple MPPT inverter?

Triple MPPT inverters have a higher power handling capacity and are equipped with advanced features such as monitoring and communication capabilities, making them an ideal choice for large-scale solar installations.

Do solar panels work in Canberra?

Even though Solar panels do work on cloudy days, sunny days are the best, and Canberra gets plenty of them. With a good-quality solar panel, going solar in Canberra can therefore turn out to be a really profitable venture. Switch to solar and enjoy reduced electricity bills and reduce greenhouse emissions.

Who are the best solar installers in Canberra?

Solarhub is probably one of the most popular installers in Canberra. Founded in 2012, the company has quickly gained a good reputation in the market and has served over 8,000 homes in the country. They focus on finding solutions for solar energy, solar batteries, and electric car charging via solar.
