

# Georgetown Container Generator

## Overview

---

What is a containerized generator set?

The durable and robust Containerized Series generator sets are ideally suited for independent power producer (IPP), mining, oil and gas, or any project where harsh conditions, challenging environments and the demand for reliable, continuous remote power exist.

What is a containerized generator enclosure?

Our containerized generator enclosures are built to be highly mobile, allowing you to easily transport and relocate your generator equipment as needed. The modular design enables quick assembly and disassembly, making it an excellent choice for temporary power needs or projects requiring frequent relocation.

Which generator sets are best for refrigerated container units?

The most rugged, dependable and easy-to-operate generator sets for refrigerated container units. Carrier's industry-leading PowerLINE Generator Sets are designed and built for continuous, unattended operation for all refrigerated containers transported by road or rail worldwide.

Are containerized generators reliable?

Years of use in the rental, oil and gas, mining and other heavy-duty industries have tested the reliability, usability and durability of our containerized generators. Our primary design challenges in developing this line of containerized generators were usability, reliability and functionality for the end user.

## Georgetown Container Generator

---

### [PowerLINE® Generator Sets , Carrier Transicold](#)

Carrier's industry-leading PowerLINE Generator Sets are designed and built for continuous, unattended operation for all refrigerated containers transported by road or rail worldwide.

### [ISO Container Generator: Unleashing Power on ...](#)

We're talking about an all-in-one unit that combines a generator with an ISO container, which simplifies transport and installation. You can easily move ...

### **Container generator**

Green Power Systems offers the possibility of installing generators inside CONTAINERS of 10' / 20' (BOX and HC) / 30' / 40' (BOX and HC) or SHELTERS according to the customer's ...

### **Containerized Series Generator Set**

The durable and robust Containerized Series generator sets are ideally suited for independent power producer (IPP), mining, oil and gas, or any project where harsh conditions, challenging ...

### Container generator
