☀ Solar installation services available! contact@yellowpages.com.vn .

Let's cut to the chase: If you're searching for Hanoi energy storage companies, you're likely either a solar farm developer sweating over Vietnam's grid instability or a tech-savvy homeowner tired of blackouts killing your Netflix binge. This article's for: Vietnam's renewable energy capacity.

A green energy subsidiary of Japanese conglomerate Marubeni has brought online a megawatt-scale battery storage demonstration project in Vietnam. Marubeni Green Power Vietnam, a wholly owned subsidiary of Marubeni—one of Japan's largest general trading 'sōgō shōsha' companies—partnered with.

But by 2025–2026, the landscape changes as foreign-invested manufacturers, firms in textiles, wood, logistics, electronics, and industrial parks begin treating clean energy as an operational capability, on par with technology, manpower, and management. Battery Energy Storage Systems (BESS) enable.

We provide operation and maintenance services (O&M) for solar photovoltaic plants. These services are provided by a team of world-class operators with support. The AES Energy Storage platform provides a high-speed response to deliver energy to your system the moment it is required. This platform.

By comprehensively applying the complementary advantages of energy storage, wind power, photovoltaics and diesel power generation, we can achieve optimal energy allocation, enhance regional energy self-sufficiency, reduce the construction and maintenance costs of traditional distribution systems.

ENERGY STORAGE SYSTEM

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW/115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled
