

# Is there a lot of 5G base station communications in Thimphu

## Overview

---

What is the 5G infrastructure market in Thailand?

The 5G Infrastructure market in Thailand is a pivotal component in the country digital transformation. With the rollout of 5G networks, Thailand is poised to experience a significant boost in connectivity, enabling IoT, smart cities, and improved mobile services.

How many 5G connections are there in Thailand in Q2 2024?

In Q2 2024, 26.6% of connections were 5G connections and 5G coverage reached 95% of the population.<sup>2</sup> Mobile data traffic per connection in Thailand is among the highest in ASEAN. Yet, more work is needed to ensure there are sufficient spectrum resources to support the next phase of 5G development, especially in the crucial mid-band range (1-7 GHz).

Is 5G a roadmap for success in Thailand?

### ACCELERATING 5G AND 5G-ADVANCED IN THAILAND: A ROADMAP FOR SUCCESS

The key challenge is the current use of the extended C-band (3.4-3.7 GHz) and standard C-band (3.7-4.2 GHz) frequencies for satellite services in Thailand, as there are an estimated 10 million or more TVRO services in operation, according to the NBTC.

What should Thailand do for 5G and 5g-a development?

It is therefore important for Thailand to maintain momentum and prioritise the following actions for 5G and 5G-A development: — Make at least 300 MHz of spectrum available in the globally harmonised 3.5 GHz band as soon as practicable. Avoid unnecessarily large guard band between mobile and fixed satellite service (FSS).

## Is there a lot of 5G base station communications in Thimphu

### [BTL launches 5G in Thimphu, Paro, and Phuentsholing](#)

There are 18 5G sites installed in Thimphu, in areas with high 4G mobile data traffic. Ten additional 5G sites will be installed in a month. In Phuentsholing and Paro, there are currently ...

### **BHUTAN TELECOM LIMITED**

In the first phase, 5G services will be made available in select locations in core areas of Thimphu and Paro Dzongkhags.

### [Thailand 5G Infrastructure Market \(2025-2031\) Outlook](#)

The increased adoption of 5G base stations, antennas, and core network equipment became evident as operators aimed to provide transformative connectivity experiences.

### [TRUE Supports Government and Thai Military, ...](#)

The company is accelerating joint area surveys with government agencies, the military, and the NBTC for sustainable mobile ...

### [TRUE Deploys Mobile Base Stations at Phu Makua](#)

The deployed network delivers 5G, 4G, and 3G services to support communications for government agencies and military forces ...
