TZUR YIGAL, Israel, Nov. 6, 2025 /PRNewswire/ -- HiTHIUM, a leading global provider of long-duration energy storage technology, has announced a strategic cooperation agreement with El-Mor Renewable Energy, one of Israel's largest EPC. This partnership marks a signification milestone in HiTHIUM's.

Tzur Yigal, Israel, November 6th, 2025 - HiTHIUM, a leading global provider of long-duration energy storage technology, today announced a strategic cooperation agreement with El-Mor Renewable Energy, one of Israel's largest EPC. This partnership marks a signification milestone in HiTHIUM's.

## Israel's new energy storage power service

### [Innovative Energy Storage Solutions Enable ...](#)

To help Israel's industrial and commercial energy transition, GSL Energy and Deye have jointly created a highly efficient and flexible ...

### Israel to build new solar-storage plant in clean energy push

JERUSALEM, Dec. 28 (Xinhua) -- Israel's Finance Ministry announced on Sunday that a new solar power facility with battery storage will be built at the Ashalim power station in ...

### [ENERGY STORAGE IS TRANSFORMING ISRAEL'S ...](#)

The primary goal of these new storage facilities is to capture renewable energy generated in southern Israel in daytime and deliver it to consumption centers in central Israel ...

### [HiTHIUM and El-Mor Renewable Energy Announce a Strategic](#)

El-Mor will design and build battery energy storage systems (BESS) and related infrastructures for multiple projects with a total capacity of 1.5GWh and total power of 300MW.

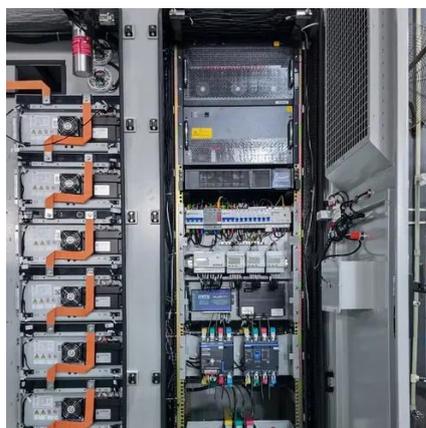

### **HiTHIUM and El-Mor Renewable Energy Announce a Strategic ...**

"Through this strategic partnership with El-Mor, we are delivering the long-duration energy storage technology that will help stabilize Israel's grid, enhance solar integration, and ...

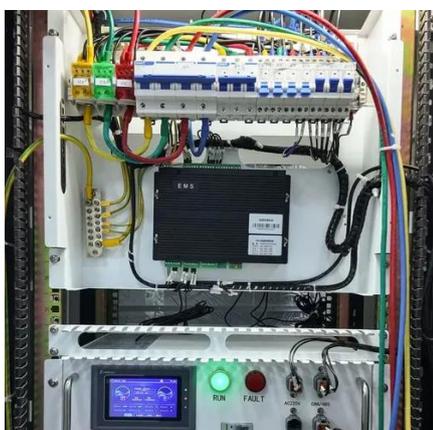

### [Israel to develop solar-plus-storage project](#)

The inclusion of storage is intended to improve flexibility in power supply from the solar plant. Once completed, renewable energy projects located in the Ashalim area are ...

### **Innovative Energy Storage Solutions Enable Israel's Commercial ...**

To help Israel's industrial and commercial energy transition, GSL Energy and Deye have jointly created a highly efficient and flexible energy storage demonstration project.

### **Enlight secures major battery storage projects in Israeli grid ...**

Israeli renewable energy developer Enlight has won grid connection rights for 300 MW of battery storage capacity in a national tender, enabling the construction of systems that ...

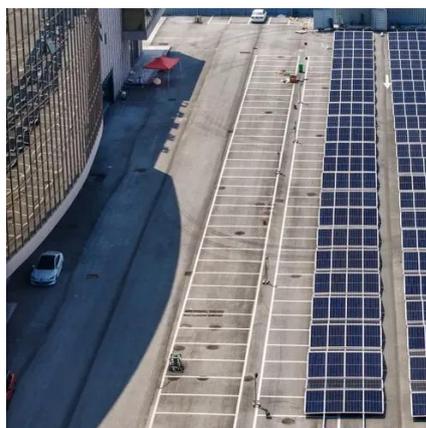

### Israeli Innovation Transforming Global Energy Storage Solutions

From stabilizing electric grids in Europe to providing reliable renewable energy in remote locations across Africa and Asia, Israeli storage solutions are proving their value in ...

### Israel's Battery Energy Storage Boom

Israel is entering a decisive phase in its clean energy transition, with Battery Energy Storage Systems (BESS) becoming a strategic priority for grid stability, renewable ...

### Shikun & Binui Energy to build 150-MW solar-storage plant in Israel

Israeli independent power producer (IPP) Shikun & Binui Energy has inked a build-operate-transfer agreement with the State of Israel for the development of a 150-MW ...
