

Large Energy Storage Vehicle in Central Asia

Overview

This innovative project, with a capacity of 150 MW/300 MWh, is the first of its kind in Uzbekistan and is already positioned as the largest in all of Central Asia. The launch of the Lochin project is in line with Uzbekistan's ambitious energy goals.

This innovative project, with a capacity of 150 MW/300 MWh, is the first of its kind in Uzbekistan and is already positioned as the largest in all of Central Asia. The launch of the Lochin project is in line with Uzbekistan's ambitious energy goals.

Tashkent, Uzbekistan, January 24, 2025 /PRNewswire/ -- Sungrow, the global leading PV inverter and energy storage system (ESS) provider, in partnership with China Energy Engineering Corporation (CEEC), are proud to announce the successful commissioning of a groundbreaking Lochin 150MW/300MWh energy.

Sungrow and CEEC lead the way with the Lochin system, transforming Central Asia's energy infrastructure. Sungrow, the globally renowned energy storage system (ESS) provider, and China Energy Engineering Corporation (CEEC) have completed the installation of the Lochin ESS system, located in the.

Uzbekistan's Tashkent Solar Energy Storage Project, the largest electrochemical energy storage facility in Central Asia, was successfully connected to the grid on December 5. The storage facility is an EPC (engineering, procurement, and construction) project contracted by China Energy Engineering.

Tashkent, Uzbekistan – Sungrow, a global leader in PV inverter and energy storage solutions, has successfully commissioned the Lochin 150MW/300MWh energy storage project in Andijan Region, Uzbekistan, in partnership with China Energy Engineering Corporation (CEEC). This landmark project is.

Sungrow and CEEC have completed the largest energy storage project in Central Asia. This significant achievement took place in Uzbekistan, specifically in the Peshkun Solar Power Plant located in the Bukhara region. The project was a collaborative effort between Sungrow, a leading global provider.
