

Los Angeles Outdoor Power

Overview

What causes a power outage in Los Angeles?

Emergency situations usually occur suddenly due to various factors such as unfavorable weather conditions or damage to power lines. You can find the current schedule on our website. There you will find detailed instructions and exact times of outages in Los Angeles.

How do I prepare for a power outage in Los Angeles?

Contact your energy company in Los Angeles: Call your energy company's customer service team. They will be able to provide accurate information about the cause of the outage and an estimated time to restore power. Prepare for an outage: Make sure you have spare light sources such as flashlights or candles.

Why did Los Angeles not turn off power lines during high winds?

Energy experts said the decision by utility companies serving the area not to turn off many power lines during high winds had likely increased the risk of fires. A downed utility pole in Pacific Palisades. The Los Angeles Department of Water and Power does not have a program to pre-emptively shut off power in urban areas when fire risk is elevated.
