

New Energy solar Storage Project Investment

Overview

Supported by a \$129.4 million EPA award, the project will replace Painesville's former coal-fired generator with 10 to 20 megawatts of battery storage and approximately 63 megawatts of solar power across reclaimed brownfield and landfill sites.

Supported by a \$129.4 million EPA award, the project will replace Painesville's former coal-fired generator with 10 to 20 megawatts of battery storage and approximately 63 megawatts of solar power across reclaimed brownfield and landfill sites.

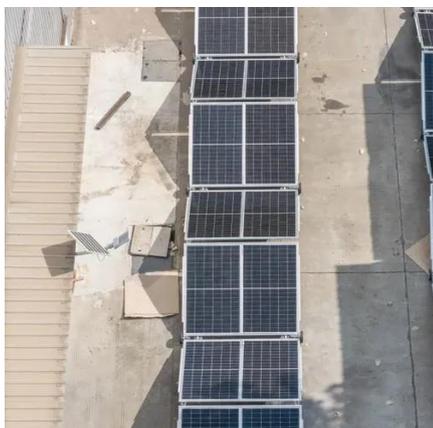

In Northeast Ohio, a regional partnership led by Cuyahoga County and the cities of Cleveland and Painesville is advancing a major clean energy redevelopment initiative. Supported by a \$129.4 million EPA award, the project will replace Painesville's former coal-fired generator with 10 to 20.
