

# New brand solar container outdoor power

## Overview

---

Unveiled this week at CES 2026, the new unit is designed to be tougher, lighter, and more weather-resistant than most power stations in its class, with specs showing how Jackery is leaning hard into real-world use cases.

Unveiled this week at CES 2026, the new unit is designed to be tougher, lighter, and more weather-resistant than most power stations in its class, with specs showing how Jackery is leaning hard into real-world use cases.

RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design.

This unique storage bag lets you keep your wet and dry garments separated and organized - perfect for trips to the beach or lake. The water-resistant side is secured with taped seams while a mesh front keeps the dry side breathable. This reliable, whisper-quiet AC will cool you down faster and more.

What is LZY's mobile solar container?

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations. Unlike standard solar panel containers, LZY's mobile unit features a retractable solar panel.

Jackery has just pulled the wraps off its newest portable power station, the Explorer 1500 Ultra, and it's aiming squarely at people who actually use these things outside - not just those who keep them pristine in a garage for the occasional blackout. Unveiled this week at CES 2026, the new unit is.
