

Nordic energy storage container manufacturing company

Overview

What does Nordic batteries do?

We develop battery modules, racks and energy storage systems designed to power industrial applications across challenging sectors, including construction, maritime, defence, and grid systems. At Nordic Batteries we focus on what is important: safety, reliability and performance.

Is Northvolt a good energy storage company?

Northvolt, as one of the top 10 energy storage companies in Sweden, founded in 2015 by former Tesla executives, is a Swedish battery manufacturer specializing in lithium-ion technology for electric vehicles and energy storage.

Are Nordic batteries looking for a development engineer?

Nordic Batteries are seeking a development engineer for mechanical construction and system design. Factor 47 is operative! The pilot line where Nordic Batteries will produce their first battery modules is now officially open after the visit from former Prime Minister Erna Solberg where she cut the banner to kick it off.
