

Portugal Porto monocrystalline solar panel BESS

Overview

Who is constructing a Bess project in Portugal?

A 5MW/20MWh BESS project Powin and Hitachi deployed for Galp in Portugal. Image: Powin / Hitachi / Galp. Oil, gas and renewables firm Galp has announced construction on BESS projects in Spain and Portugal using equipment from inverter and BESS firm Sungrow.

Where will Galp install a Bess solar PV plant in Spain?

In Spain, Galp will install a 14MW/28 MWh BESS at a solar PV plant in Manzanares, in the Castilla-La Mancha region. The operation and optimization of the BESS projects will be directed by Galp's Control Center, a dispatch centre approved by REN and REE, in Portugal and Spain, respectively.

Can a battery storage project be retrofitted in Portugal?

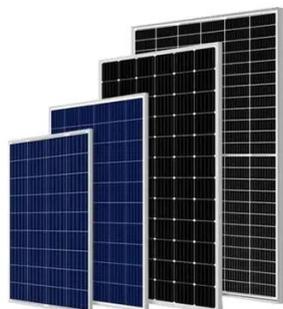

Published in December, this legal update simplifies the process for retrofitting existing renewable energy projects with battery storage and/or hybrid generation components. Curtailment is no longer a theoretical risk in Portugal.

Is Portugal's renewables sector maturing fast?

Portugal's renewables sector is maturing fast — but the permitting regime hasn't always kept pace. Retrofitting operational assets with battery storage and hybrid technology offers huge potential, but strict regulations have slowed the progress so far.
