Bianco offers exceptional client support for power distribution, protection systems, cable management solutions, and industrial automation products through our skilled and experienced team. More About Us! Powering Sri Lanka with Quality Electrical Products Backed by Global Partnerships and Ethical.

KIK Engineering offer solutions to suit ever-changing, Low Voltage Electrical engineering requirements. We offer Quality switchgear products from world-renowned manufacturers who are our business partners, under one roof. ABB is one of the leading organizations worldwide who have joined hands with.

Low voltage protection accessories comprise of residual current device (RCD) Isolator and miniature circuit breakers (MCB) ACL VS-Series Residual current device (RCD) provide protection for people against earth fault currents, direct or indirect contact and fire. Set to 30mA rated tripping current.

All dsine range of MCCBs are tested in L&T's NABL accredited Switchgear Testing Lab. L&T MCBs are equipped with label holder for easy identification of circuit during operation as well as in maintenance. If fault occurs, the Rapid Arc Quenching mechanism in modular device operates and extinguishes.
