

# Pretoria Lithium Energy Storage Government Project

## Overview

---

South Africa is aiming to procure utility-scale battery storage with two tender programmes: its Battery Storage IPP Procurement Programme as well as hybrid battery storage and variable renewables projects through its Risk Mitigation IPP Procurement Programme.

South Africa is aiming to procure utility-scale battery storage with two tender programmes: its Battery Storage IPP Procurement Programme as well as hybrid battery storage and variable renewables projects through its Risk Mitigation IPP Procurement Programme.

Eight projects under the second round of South Africa's battery energy storage independent power producer (Besiipp) programme have been awarded, with Mulilo awarded five, Amea Power two and EDF one. With construction underway at most of the projects in the first window, and the third window bids.

its public energy provider, Eskom. If the project is successful, it might serve as a model for a fair energy tr uced a range of incentive policies. For example, the "Action Plan for Standardization Enhancement of Energy Carbon Emission Peak and Carbon Neutrality" issued by the NEA on September 20.

Ongoing capacity shortages and load shedding have plagued South Africa for most of the past ten years, caused by declining availability of its ageing coal fleet. Load shedding is the deliberate stoppage of electrical power supply by system operators as a preventive measure to maintain system.

or the Oasis 1 cluster of projects in South Africa. Envision Energyannounced the contract with the EDF Group,to supply three battery energy storage systems (BESS) amo ) projectin South Africa and the African continent. The Hex BESS site at Worcester n the Western Cape was officially opened y geand.

Electricity and Energy Minister Kgosientsho Ramokgopa has welcomed his department's announcement of preferred storage procurement bidders as a significant milestone in the country's ongoing efforts to stabilise its electricity grid, accelerate the integration of renewable energy and unlock economic.

Minister of Electricity and Energy, Dr Kgosientsho Ramokgopa, has signed two

project agreements and the commercial close of two projects appointed as preferred bidders under the first Battery Energy Storage Independent Power Producer Procurement Programme (BESIPPPP) Bid Window 1. According to the.

## Pretoria Lithium Energy Storage Government Project
