Selling CuBEware helps you deliver smart, sustainable, customizable containers

engineered with North American-made quality. Your food belongs in smart, sustainable containers that customers can enjoy, then reuse. Delight your diners with FDA-compliant and BPA-free microwavable containers that seal. How many pans can a katom insulated food carrier carry?

KaTom offers a range of insulated food carrier models that can carry between one and sixteen standard food pans. Capacities for food carriers vary greatly.

What is a food cart & container?

Transport carts and containers safely move food and ingredients between locations or venues while keeping them hot or cold. Portable food and beverage stations serve as mobile hubs on a buffet line or as small storefronts like the CamKiosk models. Food cart categories further break down by temperature.

What is a food transport cart?

Food transport carts are familiar to caterers and live event chefs, but food service professionals in various industries gain value from utilizing both transport carts and portable stations: Restaurants – Carts speed the transportation of finished meals from the kitchen to delivery or pickup areas.
