

# San Diego Mobile Energy Storage Power Supply

## Overview

---

How do I contact the county of San Diego's Battery energy storage systems project?

[PDS.LongRangePlanning@sdcounty.ca.gov](mailto:PDS.LongRangePlanning@sdcounty.ca.gov) | (858) 505-6677 Learn more about the County of San Diego's Battery Energy Storage Systems Project.

Does SDG&E have a battery & microgrid portfolio?

SDG&E has been rapidly expanding its battery energy storage and microgrid portfolio. We have around 21 BESS and microgrid sites with 442 megawatts (MW) of utility-owned energy storage and another 40+ MW in development.

What is a battery energy storage system?

A Battery Energy Storage System (BESS) is a technology designed to store electric energy for later use. It stores energy from the electrical grid, solar, and wind power. How does BESS support the electricity grid?

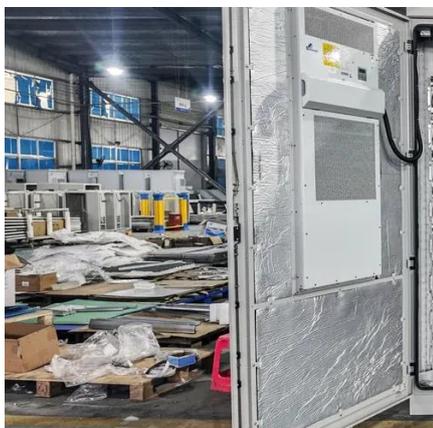

BESS can increase flexibility of the grid, provide backup electricity during power outages, and reduce energy costs.

Where are SDG&E battery systems installed?

Typically, these battery systems and microgrids are installed on SDG&E-owned property; they are adjacent to our existing substation facilities or in critical locations where grid reliability and resiliency is needed most.

## San Diego Mobile Energy Storage Power Supply

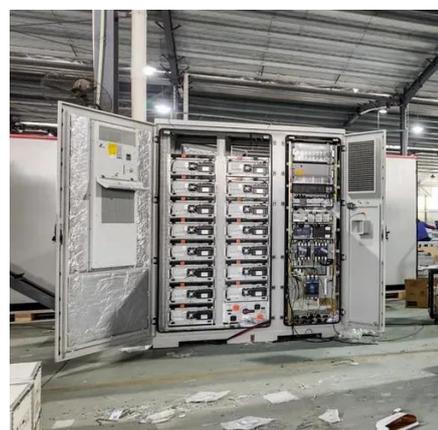

### **New Utility-Scale Battery Storage Facility Planned for San Diego ...**

The Nighthawk project will connect to the grid at the Sycamore Canyon Substation, which receives renewable energy generated in the desert and distributes it to the San Diego area. ...

### **Microsoft Word**

Power San Diego will be fully integrated with the existing SDGE transmission grid and will have access to imported power when it is needed to supplement supply generated in the City.

### **Peregrine Energy Storage**

Areon is building an energy storage project in the Barrio Logan community of San Diego to support local energy reliability and maximize the use of renewable energy sources ...

### [200MW US battery to power 200,000 homes ...](#)

Areon Energy's new 200 MW Peregrine battery storage in San Diego can power 200,000 homes for two hours during peak demand.

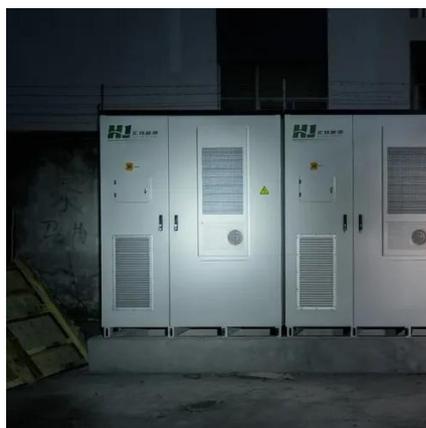

### [200MW US battery to power 200,000 homes during grid stress](#)

Arevon Energy's new 200 MW Peregrine battery storage in San Diego can power 200,000 homes for two hours during peak demand.

### [This new San Diego battery can power 200,000 ...](#)

Arevon brings a 200 MW battery project online in San Diego to boost grid stability and store clean energy for 200,000 homes.

### [FACT SHEET Batteries are Key Battery energy storage ...](#)

Homes and businesses are the source of electricity demand and locating battery storage systems near them efficiently addresses congestion and grid strain while postponing costly upgrades ...

### [Battery Energy Storage Systems \(BESS\) and Microgrids](#)

SDG& E has been rapidly expanding its battery energy storage and microgrid portfolio. We have around 21 BESS and microgrid sites with 442 megawatts (MW) of utility ...

[This new San Diego battery can power 200,000 homes during](#)

Arevon brings a 200 MW battery project online in San Diego to boost grid stability and store clean energy for 200,000 homes.

### [San Diego's New Battery Powers 200K Homes](#)

Arevon Energy's new battery storage facility in San Diego powers 200,000 homes, boosting grid reliability and California's clean energy goals.

### **Arevon Signs Offtake Agreement With San Diego Community Power**

Arevon announced it has entered into a 15-year energy storage service agreement with San Diego Community Power for the Avocet Energy Storage Project.

## **Battery Energy Storage Systems**

In response to this direction, the County is taking steps to guide the safe and responsible growth of Battery Energy Storage Systems (BESS). It is doing this by developing clear standards ...

### **Battery Energy Storage Systems**

In response to this direction, the County is taking steps to guide the safe and responsible growth of Battery Energy Storage Systems (BESS). It is doing ...
