

# Saudi Arabia outdoor communication power supply BESS manufacturer

## Overview

---

Saudi Electricity Company (SEC) has awarded contracts for 1 GW/4 GWh of BESS across two sites in Saudi Arabia. China's Hithium has secured equipment supply and operations-and-maintenance (O&M) roles and Saudi contractor Alfanar Projects will build both facilities.

Saudi Electricity Company (SEC) has awarded contracts for 1 GW/4 GWh of BESS across two sites in Saudi Arabia. China's Hithium has secured equipment supply and operations-and-maintenance (O&M) roles and Saudi contractor Alfanar Projects will build both facilities.

Battery Energy Storage System (BESS) plant will provide Load Shifting as main application while providing Black start, Frequency regulation and voltage support application through a selectable part of the system's total capacity for the network at their respective Point of Interconnection (POI).

Credit: Hithium Energy Storage Technology Co., Ltd. / PRNewswire. Hithium Energy Storage Technology has announced a joint venture with Nabilah AlTunisi's company, MANAT, to establish a battery energy storage systems (BESS) manufacturing facility with 5 gigawatt hours (GWh) annual production.

Saudi Electricity Company has awarded two grid-scale battery energy storage system (BESS) projects split between Tabuk and Hail. Local EPC partner Alfanar will construct the sites. Saudi Electricity Company (SEC) has awarded contracts for 1 GW/4 GWh of BESS across two sites in Saudi Arabia. China's.

The Middle East's growing energy demands and ambitious renewable energy targets make Battery Energy Storage Systems (BESS) a game-changer. With solar power capacity expanding at 20% annually across GCC countries, reliable outdoor power solutions are critical for: Stabilizing grid The Middle East's.

As part of Vision 2030, KSA aims to supply 50% of its electricity from renewable energy by 2030 and has set a clear plan to transition its energy mix towards solar, wind and other renewable energy sources. What is a Bess solution?

WEG's world class BESS solutions are capable of either co-location.

Updated August 29, 2025: Saudi Arabia has made major advances in its BESS projects as it launches one of Middle East's largest BESS deployments, a 4GWh BESS project. The nation's battery storage drive comes as HiTHIUM is commissioned with a 4 GWh BESS project in a joint venture between the Saudi.
