

Solar Energy Storage in Somalia

Overview

This Horn of Africa nation is making serious moves in renewable energy. With blistering sunshine 300+ days a year, Somalia's betting big on solar-plus-storage projects to rebuild its power sector. And here's the kicker: the World Bank's pouring millions into making it happen.

This Horn of Africa nation is making serious moves in renewable energy. With blistering sunshine 300+ days a year, Somalia's betting big on solar-plus-storage projects to rebuild its power sector. And here's the kicker: the World Bank's pouring millions into making it happen.

Somalia's Ministry of Energy and Water Resources has launched a significant tender for a large-scale hybrid solar and battery energy storage project in northeastern Somalia. The initiative, part of the Somali Electricity Sector Recovery Project, seeks to expand the nation's renewable energy.

This Horn of Africa nation is making serious moves in renewable energy. With blistering sunshine 300+ days a year, Somalia's betting big on solar-plus-storage projects to rebuild its power sector. And here's the kicker: the World Bank's pouring millions into making it happen [1] [3]. 2025's already.

Somalia's journey into renewable energy is still nascent but it is one of Africa's richest in renewable potential. Economies globally are intensifying their efforts to combat climate change, with many focusing on renewable energy to power their green transitions and achieve net zero emissions.

Somalia has launched a 12 MW solar power plant tender paired with a 36 MWh battery energy storage system as part of the World Bank-funded Somali Electricity Sector Recovery Project. The project includes the construction of 13.5 km of 33 kV transmission lines to integrate the new capacity into the.

Solar Energy Storage in Somalia

[Somalia opens tender for hybrid solar project](#)

A tender is open for the design, supply and installation of 10 MW of solar alongside 20 MWh of battery energy storage in northeastern ...

[Somalia issues tender for hybrid solar and storage project](#)

Somalia's Ministry of Energy and Water Resources has issued a tender for a hybrid solar-plus-storage project at Mogadishu's Jazeera Power Plant.

Somalia launches tender for 12MW hybrid solar plus storage project

This tender follows several recent renewable energy projects in Somalia. In February, a 55 MW solar and 160 MWh BESS project was launched in Mogadishu, with an ...
