

Solar curtain wall manufacturer direct supply company in Sydney Australia

Overview

Who makes screen & curtain wall systems?

Screens & Curtain Wall Systems. Facadez Private Limited, based in Australia, specialises in high-quality architectural solutions, providing a comprehensive range of products including windows, doors, curtain walls, louvres, and cover plates.

What is a curtain wall system?

A curtain wall system from Sydney Aluminium is an innovative, non-structural outer covering of a building, primarily designed to keep the weather out and the occupants in, while maximising natural light and offering a modern, sleek facade. What our clients say. Start your next project. Need a Free no-obligation quote for your next project?

.

What is a photovoltaic curtain wall?

They enhance thermal comfort and help prevent the greenhouse effect. A standard curtain wall offers no return on investment. In contrast, a photovoltaic curtain wall not only insulates the building but also generates power for over 30 years. This reduces monthly electricity bills and ultimately pays for itself over time.

Is Yuanda a good curtain wall manufacturer?

In 1996, Yuanda became the first curtain wall manufacturer anywhere in the world to achieve ISO9001 international quality certification. Over the last 27 years, the company has demonstrated time and again its compliance with testing standards in the United States, the United Kingdom, China and Europe.
