-3 RECHARGEABLE WAYS AND PORTABLE DESIGN: The TIG FOX solar generators takes 6 hours to charge via the socket, 8.5 hours via the car charge, 8.5 hours via the solar panel (without solar panel) can be charged and discharged at the same time. Equipped with an LCD screen that clearly shows the status.

In 2025, Tajikistan is set to significantly expand its solar energy infrastructure, with plans to build solar electric power stations (SEPS) in all districts and cities. This initiative is driven by the need for backup power at critical facilities, especially during winter months when electricity.
