

South Asia's first shared power base station

Overview

This project, co-developed with Thai energy giant SUSCO, marks not only the first commercialized battery-swapping station in Southeast Asia but also the world's first operational smart battery-swapping station for taxis and ride-hailing vehicles outside China.

This project, co-developed with Thai energy giant SUSCO, marks not only the first commercialized battery-swapping station in Southeast Asia but also the world's first operational smart battery-swapping station for taxis and ride-hailing vehicles outside China.

Chinese battery swapping solutions provider U Power and Dutch company UNEX EV have opened Southeast Asia's first smart battery swapping station in Phuket, Thailand. The duo have serious expansion plans using this facility as a pilot model. The new battery swapping station in Phuket marks the first.

SHANGHAI, July 21, 2025 /PRNewswire/ — U Power Limited (Nasdaq: UCAR) (the “Company” or “U Power”), a provider of AI-powered solutions for next-generation energy grids and intelligent transportation systems, building on its proprietary UOTTA TM electric vehicle (EV) battery-swapping technology.

PHUKET, THAILAND – EQS Newswire – 21 July 2025 – U Power Limited (Nasdaq: UCAR) and UNEX EV B.V. (hereinafter “UNEX EV”) today co-hosted the grand inauguration ceremony of Southeast Asia’s first smart battery swapping station for new energy vehicles, held in Phuket, Thailand. This station marks not.

The first functional smart battery-swapping station in Southeast Asia has been formally inaugurated on Phuket Island, Thailand, by U Power Limited, an AI-driven solutions provider for intelligent mobility and advanced energy networks. The milestone comes after the region’s first fleet of electric.

U Power Limited (Nasdaq: UCAR), a company specializing in AI-powered solutions for energy grids and intelligent transportation, announced today the opening of Southeast Asia's first operational smart battery-swapping station in Phuket Island, Thailand. The station's launch follows U Power's.

Chinese battery swapping provider U Power, together with Dutch partner UNEX EV,

has opened Southeast Asia's first smart battery swapping station in Phuket, Thailand. The facility, designed primarily for electric taxis and ride-hailing fleets, marks the start of U Power's regional expansion beyond.
