

Supercapacitor manufacturer in Porto Portugal

Overview

C2C-NewCap is a company based in Portugal that develops next generation supercapacitor solutions for automotive, stationary and the electronic industry.

C2C-NewCap is a company based in Portugal that develops next generation supercapacitor solutions for automotive, stationary and the electronic industry.

Supercapacitors enable more efficient energy storage. Our first product GO-START is tailor-made for EU trucks and directly replaces the lead-acid batteries in the vehicle. Talk to us and let's explore new solutions together. © 2025 C2C NewCap. All rights reserved. | [Privacy Policy](#) This website uses.

Use our improved supplier search or create inquiries on the go with the new europages app. today. Use the full potential of Europe's leading B2B marketplace. Start now for free. With one user account you can use many services more conveniently and save time. All Companies and suppliers for.

We're tracking Infinite Foundry, Mota-Engil and more Manufacturing companies in Porto from the F6S community. Manufacturing is the 17th most popular industry and market group. If you're interested in the Manufacturing market, also check out the top Automation, Industrial IoT, 3D Printing, Machinery.

Portugal Supercapacitor market currently, in 2023, has witnessed an HHI of 6911, Which has increased moderately as compared to the HHI of 2411 in 2017. The market is moving towards Highly concentrated. Herfindahl index measures the competitiveness of exporting countries. The range lies from 0 to.

Identify and compare relevant B2B manufacturers, suppliers and retailers Max. The Petrotec Group provides a variety of storage solutions, which may be relevant to battery storage systems. Additionally, the company's focus on developing smart mobility solutions includes EV charging equipment.

We offer a selection of electric double-layer capacitors (EDLCs), lithium ion capacitors, and miscellaneous types. A supercapacitor is a double-layer capacitor that has very high capacitance but low voltage limits. Supercapacitors store more energy than electrolytic capacitors and they are rated in. What is a supercapacitor?

What is the global supercapacitor market?

Supercapacitors, also known as ultracapacitors, are becoming a critical component in modern energy storage solutions. According to Statistics MRC, the Global Supercapacitor Market is accounted for \$5.08 billion in 2024 and is expected to reach \$11.16 billion by 2030 growing at a CAGR of 14.0% during the forecast period.

Is Panasonic a supercapacitor?

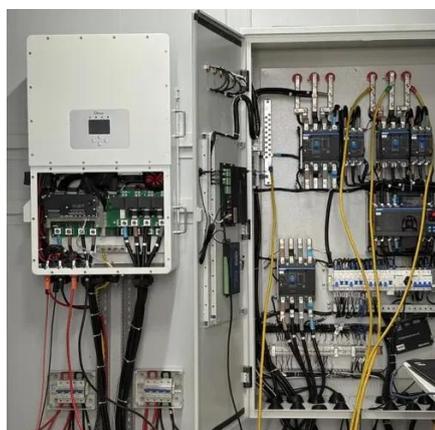

Panasonic, a global electronics giant, has made significant inroads into the supercapacitor market. The company's energy storage solutions are known for their reliability, long lifespan, and consistent performance across various applications. Key Products and Technologies:.

What are Maxwell supercapacitors used for?

Maxwell's supercapacitors are prominently used in regenerative braking systems in EVs, wind turbines for energy stabilization, and industrial power backup systems. Their products are also crucial in grid energy storage, helping stabilize power supply during peak demand. 2. Skeleton Technologies
