

The simplest off-grid solar system

The simplest off-grid solar system

ellipsis

Is she beautiful or smart or none? The duplicate question does not answer my question. My question is not about single plural verb harmony. It is about whether I can omit ...

present tense

As I understand it, Past Simple (the second sentence) is possible here only as the simplest version of Present Perfect (the third sentence), isn't it? But why is Present Perfect ...

adjectives

Should I use most simple or simplest to indicate something cannot be more simple? Can I use both? Is one preferred? If simplest - how is that pronounced? (Is the e silent?)

In the simplest way possible

In the simplest way possible - could someone explain the rule you followed in spotting the error?

What is the noun to express the state of a simple person?

The adjective "simple" might have many meanings. Some dictionaries say "a simple person is stupid". 8 STUPID [not before noun] someone who is simple is not very ...

What question do participles answer?

The simplest explanation is probably the one where it's all that's left over from an elided plural noun like people or things. Terminology ranges from OED's "absolute adjectives" ...

meaning

Present = simplest = best, though, IMHO. But note that syntactically speaking, if doesn't is changed to Past Tense didn't then we should also change Present Perfect has been ...

prepositions

Yes, the sentence is much more fluent without the about. The simplest answer is "because that's not how we generally speak in English"; you can see how much more common ...

of and about in adjectives

In the simplest terms possible, 'of' shows possession or relationship while 'about' indicates a topic or subject. Using a couple of your examples, we would say " I am angry about ...

What is the difference between adjectives "different" and "differing"

I think that's the simplest way to describe the difference between these two words that you can possibly come up with.
